Welcome to the Course.

Get ready for high-impact strategies. Unique, breakthrough exercises.

Confidence-packed content. All aimed at helping you get what you want,

when you want it, using the tools you already have

(but maybe haven't been using).

The Black Belt

The black belt has long been synonymous with the highest levels of competence and achievement. It is a rank earned by few and respected by many.

Its wearers have endured repeated conflict and challenge—but ultimately persisted. In the end, they emerge empowered, transformed, and ready for whatever may cross their path.

This course was made for those people—people who always wanted more from life, and finally committed to doing whatever it takes to get it. This course was made for you.

It just so happens that the content which follows is dedicated to improving your most effective weapon on the battlefield (and sandbox) of life: your communication skills.

But while on the path, be patient with yourself: Blackbelt status does not come overnight. That is, oftentimes the lessons will excite you. Sometimes, less so. Either way, know that the sensei(teacher) uses unseen forces which are at work at all times to assist the student in his/her growth. This, and of course regular, everyday words.

As you continue now through these lessons, you may also notice your-self developing faster, embracing change easier, and overcoming old doubts and fears naturally.

After all, the blackbelt communicator knows that when you learn to make words and language work on your behalf, the battle is already half won.
